

# Funeral Order of Service & Funeral Booklets

A Funeral Service Booklet or Funeral Order of Service Booklet may be offered as a keepsake to those who attend funeral and memorial services, or to send to those who could not attend the service. It is also a good idea to have extra copies for future generations.

The booklet content is up to you!

## Tips

- Booklets are best printed on heavy stock card such as 250gsm stock.
- Spellcheck and proofread your content. Ask one or two other people to check before printing.
- Estimate the number of booklets required, including spare copies for family and close friends who cannot attend and keepsake copies for young members of your family
- Use easy to read fonts and type colours (*hint – little coloured type on white card is hard to read*)
- Numerous businesses offer design and print services for Funeral Booklets. Search **Funeral Booklets** or **Funeral Order of Service booklets** in your favourite search engine.
